

MURGUIA LEAVES TO ATTACK VILLA

More Troops En Route to Border; Previous Trains Reach Casas Grandes.

Gen. Francisco Murguía's private train, guarded by an escort of 200 troops and two armored cars, left Juarez at 11:30 o'clock Tuesday for Casas Grandes, where Gen. Murguía will take personal command of his troops and will direct the enveloping movement. His departure removed the last of the de facto troops which he brought from Chihuahua City with him Saturday night.

Four well dressed Mexicans, who were arrested by the military Monday were turned over to the civil authorities before Gen. Murguía departed for Casas Grandes.

Reports from Casas Grandes said all troop trains except Gen. Murguía's train had arrived there and the troops had detained, cannon, unloaded, and the movement against Villa at Namiac was well under way.

Three More Trains Coming. Three more trainloads of troops are en route to Juarez from Chihuahua, according to announcement made Tuesday. One train arrived with about 400 men early Tuesday morning. Large quantities of supplies are being purchased by the Murguía forces at El Paso. A carload of salt, 100,000 pounds of flour, beans, rice and coffee in large quantities were purchased Tuesday morning and exported to Juarez. Murguía has deposited \$100,000.

CHIEF OF POLICE GIVES OUT FACTS

Was down in bed three months—is hale and hearty again after taking Tanlac.

If there is a man in Macon, Ga., who is universally known and liked, that man is Geo. Samuels Riley, the popular and efficient Chief of Police of that city. Chief Riley has been prominently identified with Macon's public affairs for a number of years, and is highly esteemed and respected for his high character and integrity by all who know him. In an interesting interview, Chief Riley said recently:

"I came to Macon when I was only a 16-year-old boy from Houston county, and have been living here for 35 years. I have always enjoyed very good health, and have been what you would consider a strong, healthy man. Last June I was taken very sick and was confined to my bed for three months with a trouble that developed into pleurisy with serious complications, and I had to undergo several operations. For a while I was entirely helpless.

After getting out of my right side continued to pain me. My breath would not get short, and I had terrible pains and swellings in my legs and feet and catching pains in my hips and the small of my back. This trouble made me very nervous and I lost sleep. To tell you the truth, I was in mighty bad shape, and nothing in the way of medicine seemed to do me much good.

"My kidneys bothered me a great deal and my stomach was all wrong. I was filled with Tric Acid poison. For a while I had little control over my ideas and this bothered me a great deal. I knew everybody else, I got to reading about Tanlac and decided to give it a trial. I can understand now why everybody is praising this medicine, for it helped me right from the start. The pains in my side have left me entirely and I now have control over my kidneys. The swellings have all gone down and I feel like a new man in every way.

"Yes, sir, this Tanlac just filled me with new life and energy and I feel more like myself than in months. Everyone has noticed the wonderful improvement in my condition, and I am only too glad to say a good word for Tanlac. I had taken medicines ever since I was a child, but nothing seemed to help me, but two bottles of Tanlac have put me on my feet and I feel like myself again."

Tanlac is sold in El Paso by Kelly & Pollard and People's Drug Store.—Adv.

LEMONS BRING OUT THE HIDDEN BEAUTY

Make this lotion for very little cost and just see for yourself.

An attractive skin wins admiration. In social life and in business the girl or woman whose face and hands show evidence of constant care enjoys a tremendous advantage over those who do not realize the value of a healthy skin and a spotless complexion.

At the cost of a small jar of ordinary cold cream one can prepare a full quart of the most wonderful lemon skin softener and complexion beautifier, by squeezing the juice of two fresh lemons into a bottle containing three ounces of orchard white. Care should be taken to strain the juice through a fine cloth so no lemon pulp gets in, then this lotion will keep fresh for months. Every woman knows that lemon juice is used to bleach and remove such blemishes as freckles, sallowness and tan, and is the ideal skin softener, smoother and beautifier.

Just try it! Get three ounces of orchard white at any pharmacy and two lemons from the grocer and make up a quart pint of this sweetly fragrant lemon lotion and massage it daily into the face, neck, arms and hands. It naturally should help to soften, freshen, bleach and bring out the roses and beauty of any skin.—Adv.

G. H. & S. A. TO BUILD LINE TO FORT

Track Will Run From Alfalfa to Reservation; E. P. S. W. Yard at Tobin?

A report that the G. H. & S. A. Railroad company would build a spur line from Alfalfa station, five miles east of El Paso, to the south end of the Fort Bliss military reservation, was partially confirmed Tuesday by W. B. Scott, president of the company, who was here, who said that such plans had been considered but no definite action had been taken. The company has realized, he said, that such a connection would be advantageous in view of the military traffic with the post, which has to be switched from the G. H. & S. W. yard to the S. W. yard, and by that company moved to the fort.

A report that the El Paso & Southwestern company would construct a large terminal yard near Tobin, north of the present military reservation, where trains would be made up for the east and west, failed of confirmation. The report said the company having recently acquired considerable land near Tobin was preparing to anticipate the extension of the military reservation with a big yard to handle the traffic for it.

"REALTORS" SAY WAR TALK HASN'T HURT LOCAL MARKET

That war talk has had no effect on the El Paso real estate market and that dealers are doing more business than ever before, was the declaration of every "realtor" present at the regular weekly luncheon of the El Paso Real Estate board Tuesday at the Sheldon hotel.

In an exchange of business confidences the real estate men were very optimistic as to the volume of business they will do this year, and declared there was no possibility of war interfering with the city's growth and present prosperity.

It was agreed that in future the members of the board would use the copyrighted word "Realtor" and could be used only by members of the board. Instead of styling themselves real estate dealers in the future they will call themselves "Realtors."

Those at the luncheon were A. H. Anderson, president; Edgar D. Park, secretary; Richard H. T. Taylor, W. E. Payne, James L. Marr, W. E. Paden, James C. White, W. S. Marr, J. S. Hutton, Harold E. Kilburn and E. H. McCann.

"There's a Reason"

Put Out Your Flag, The Symbol of Liberty And Justice--

PRESIDENT WILSON has signed the Declaration of War, and the problem is no longer how to evade it, but how to surmount it. The note from Foreign Minister Zimmermann of Germany to Ambassador von Eckhardt in Mexico proposing a plot to dismember the United States, to stir to combined war against us, two nations now at peace with us, and to suggest an armed invasion of our country, was the last straw, and has united all our people in a determined stand to meet the issues that have been forced upon us, without flinching. Whatever the price, we stand ready to pay, so that we remain an independent people and ready to battle in the Cause of Liberty and Justice. Do not be satisfied that your neighbor's colors fly and protect you in their shade, but show your flag, so that all may know your sentiments.

Let our soldiers, as they march by, know that they have an undivided and United Country back of them to inspire them to patriotism and devotion to our Republic. Let your flag speak for you, for where e'er it flies, it says, we're with you Uncle Sam, we're with you.
